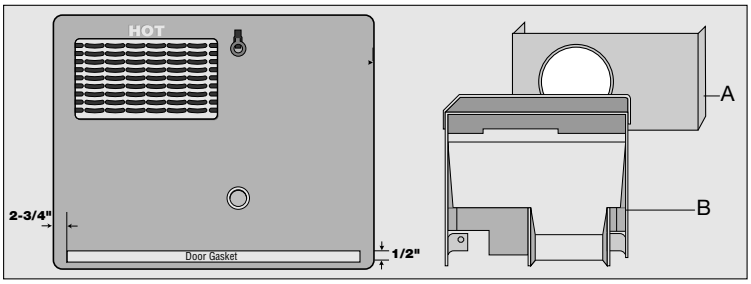
INTERNET: http://www.atwoodmobile.com

LITERATURE NUMBER **MPD 93218**

FLUE BOX ASSEMBLY REPLACEMENT

Effective 11/19/07



For complete water heater instructions consult MPD - 93755, 93756, 93758.

COMPLETE SHUT DOWN

Spark Ignition Models:

A. Turn remote switch to "OFF" position.
B. Remove red wire from left hand terminal of ECO switch (ECO to valve).

Pilot Light Models:

A. Turn lighting dial to "OFF" position.

⚠ WARNING

BURN / SCALDING INJURY

- Water Heater must be completely shut down and cool before installing flue box to avoid skin burns or other injuries.

REMOVAL PROCEDURE

1. Remove screw in upper front right-hand corner and lower left rear corner.
2. Flue box will pull free.

INSTALLATION PROCEDURE

1. Place flue gasket (A) over exhaust tube located in upper left-hand corner of heater. Be sure flanges face inward toward heater.
2. Position flue box assembly (B) over flue tube and gasket (A) and screw in place.
