Subject Re: Fw: Cooktops

Gary,

Here is the part that Art refers to for the 3 burner:
35388 SEAL-FOR 3BR STOVE-TOP MOUNT
105 available

However, we show stock on that type of seal for the 2 burner:
36962 SEAL-FOR 2BR STOVE-TOP MOUNT
200 available

And also a flush-mount seal for the 2 burner:
36956 SEAL-FOR 2BR STOVE-FLUSH MOUNT
102 available

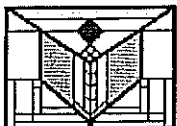

This is what is in the system, so you may want to check stock to verify it.
