Follow EPA use conditions.

This product contains a light source of energy efficiency class F.

Further product information can be accessed via QR code on the energy label on the product or via eprel.ec.europa.eu.

Safety instructions

General safety

WARNING! Failure to obey these warnings could result in death or serious injury.

Electrocution hazard

- Ensure that the minibar has been installed by a qualified technician in accordance with the Dometic installation manual.
- Do not operate the minibar if it is visibly damaged.
- If this minibar's power cable is damaged, it must be replaced by the manufacturer, service agent or a similarly qualified person in order to prevent safety hazards.
- This minibar may only be repaired by qualified personnel. Inadequate repairs may cause serious hazards.

- When positioning the minibar, ensure the supply cord is not trapped or damaged.
- Do not locate multiple portable socket-outlets or portable power supplies at the rear of the appliance.
- Plug the device to sockets that ensure proper connection especially when the device needs to be earthed.

Explosion hazard

- Do not store any explosive substances, such as spray cans with propellants, in the minibar.

Health hazard

- This minibar can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the minibar in a safe way and understand the hazards involved.
- Children shall not play with the minibar.
- Cleaning and user maintenance shall not be made by children without supervision.
- Children aged from 3 to 8 years are allowed to load and unload the minibar.
- To avoid a hazard due to instability of the minibar, it must be fixed in accordance with the installation instructions.
- Keep ventilation openings, in the minibar enclosure or in the built-in structure, clear of obstruction.
- Do not use mechanical devices or other means to accelerate the defrosting process, other than those recommended by the manufacturer.
- Do not use electrical devices inside the minibar unless they are recommended by the manufacturer for that purpose.

CAUTION! Failure to obey these cautions could result in minor or moderate injury.

Risk of crushing

- Do not put your fingers into the hinge.

Health hazard

- Foodstuff may only be stored in its original packaging or in suitable containers.

NOTICE! Damage hazard

- Check that the voltage specification on the type plate is the same as that of the power supply.

- The minibar is not suitable for storing substances which are caustic or contain solvents.
- The insulation of the cooling device contains flammable cyclopentane and requires special disposal procedures. Deliver the cooling device at the end of its life-cycle to an appropriate recycling center.
- Keep the drainage outlet clean at all times.
- Only carry the minibar upright.
- Make sure that foodstuffs do not touch the walls of the cooling area.

NOTICE! Damage hazard

The light source can only be replaced by the manufacturer, a service agent or similarly qualified person to avoid hazard.

Operating the minibar safely

DANGER! Failure to obey these warnings will result in death or serious injury.

Electrocution hazard

- Do not touch exposed cables with your bare hands.

CAUTION! Failure to obey these cautions could result in minor or moderate injury.

Electrocution hazard

- Before starting the minibar, ensure that the power supply line and the plug are dry.

Health hazard

- Make sure that you only put items in the minibar which may be chilled at the selected temperature.
- Food may only be stored in its original packaging or in suitable containers.
- Opening the door for long periods can cause significant increase of the temperature in the compartments of the minibar.
- Clean regularly surfaces that can come in contact with food and accessible drainage systems.
- If the minibar is left empty for long periods:
 - Switch off the minibar.
 - Defrost the minibar.
 - Clean and dry the minibar.
 - Leave the door open to prevent mold developing within the minibar.

NOTICE! Damage hazard

- Do not place it near naked flames or other heat sources (heaters, direct sunlight, gas ovens etc.).
- Never immerse the minibar in water.
- Protect the minibar and the cable against heat and moisture.

Intended use

The refrigeration appliance (also referred to as minibar) is designed for operation on cruise liners.

The minibar is not suitable for installation in caravans or mobile homes.

The minibar is intended to be used either as a built-in appliance or as freestanding refrigeration appliance. Refer to the installation instructions.

The minibar is designed exclusively for cooling and storing of beverages and foods in closed containers.

The minibar is not suitable for storing fresh foods and medicine or freezing foodstuffs.

This minibar is only suitable for the intended purpose and application in accordance with these instructions.

This manual provides information that is necessary for proper installation and/or operation of the minibar. Poor installation and/or improper operating or maintenance will result in unsatisfactory performance and a possible failure.

The manufacturer accepts no liability for any injury or damage to the product resulting from:

- Incorrect assembly or connection, including excess voltage
- Incorrect maintenance or use of spare parts other than original spare parts provided by the manufacturer

- Alterations to the product without express permission from the manufacturer
- Use for purposes other than those described in this manual

Dometic reserves the right to change product appearance and product specifications.

Operation

Scope of delivery: fig. **1**

Proceed as shown:

- Switching on: fig. **2**
- Setting the temperature: fig. **3**
- Switching off: fig. **4**

Warranty

If the product does not work as it should, please contact your retailer or the manufacturer's branch in your country (see dometic.com/dealer). The warranty applicable to your product is 2 year(s).

For repair and warranty processing, please include the following documents when you send in the device:

- A copy of the receipt with purchasing date
- A reason for the claim or description of the fault

Australia only

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

New Zealand only

This warranty policy is subject to the conditions and guarantees which are mandatory as implied by the Consumer Guarantees Act 1993(NZ).

Disposal

Recycling products with non-replaceable batteries, rechargeable batteries or light sources

➤ If the product contains any non-replaceable batteries, rechargeable batteries or light sources, you don't have to remove them before disposal.

➤ If you wish to finally dispose of the product, ask your local recycling center or specialist dealer for details about how to do this in accordance with the applicable disposal regulations.

Recycling packaging material

➤ Place the packaging material in the appropriate recycling waste bins wherever possible.
