# DOMETIC AWNING HISTORY

This slide depicts Dometic's longevity and proven leadership in the industry.

- 1973 A&E Plastic Pack purchased the “EZ-AWN” Company, the subsidiary A&E Systems was established
- 1975 A&E Systems sales had accumulated to \$1 million in sales
- 1975 the 4000 Series box and 5000 Series patio awnings were launched
- 1979 introduced the lightweight Travel Lite 7000 Series and the 8000 Series patio awnings
- 1980 the Travel Lite 7000 was renamed the Regency 7000 Series
- 1981 A&E Plastic Pack sells off A&E Systems
- 1982 the 8500 Series awning hits the market
- 1987 saw the introduction of the 9000 Series awning
- 1988 Dometic purchases A&E Systems
- 2020 Dometic continues to offer a wide variety of Patio Awnings, Manual and Electric

- 8 foot extension
- Patio or carport position
- Hardware in Polar White or Black
- Cam lock at end of FRTA allows awning to stop in any extended position

Patio Position (shown)

# HARDWARE FOR MANUAL AWNINGS

## FITS 8500 AND 9000 SERIES AWNINGS

- Tall ..... 74" to 88" - 8273000.401(X)
- Short ..... 64" to 76" - 8273000.402(X)
- Tall/Short Combo... 8273000.408(X)
- Tall Heavy Duty .... 74" to 88" - 8273000.501(X) – 21' & longer
- Short Heavy Duty .. 64" to 76" - 8273000.502(X) – 21' & longer

Tip: Dealers can stock one set of each part number & color to cover the majority of customer requests.

**Optima Tension Rafter System** required on 21ft and longer, or voids warranty. Order the rafter and cradle separate.

Available in Black or White

# DOMETIC MANUAL AWNING ADVANTAGES

- 8500 and 9000 series largest seller for over 40 years
- Dual torsion springs
- Interchangeable hardware
- Carport or Patio Positions
- 13.5 oz. vinyl fabric
- 9.1 oz. acrylic fabric
- Numerous fabric colors

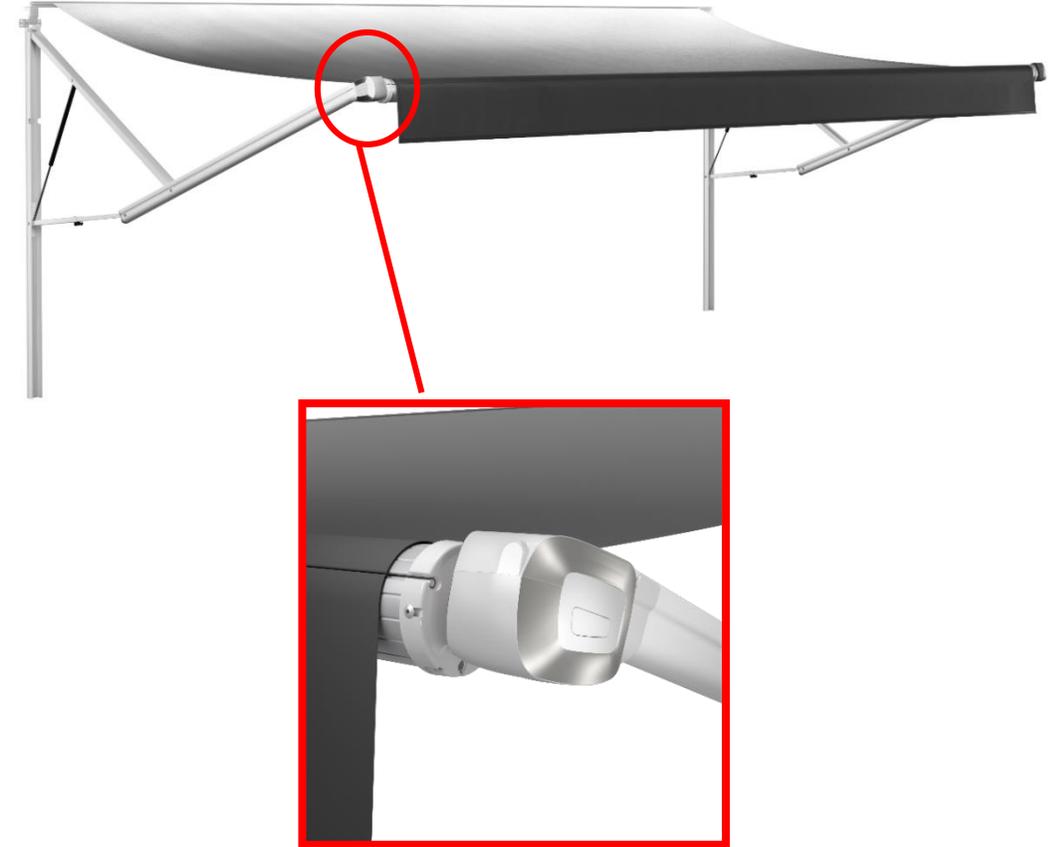

# POWER PATIO AWNINGS

Mobile living made easy.

 **DOMETIC**

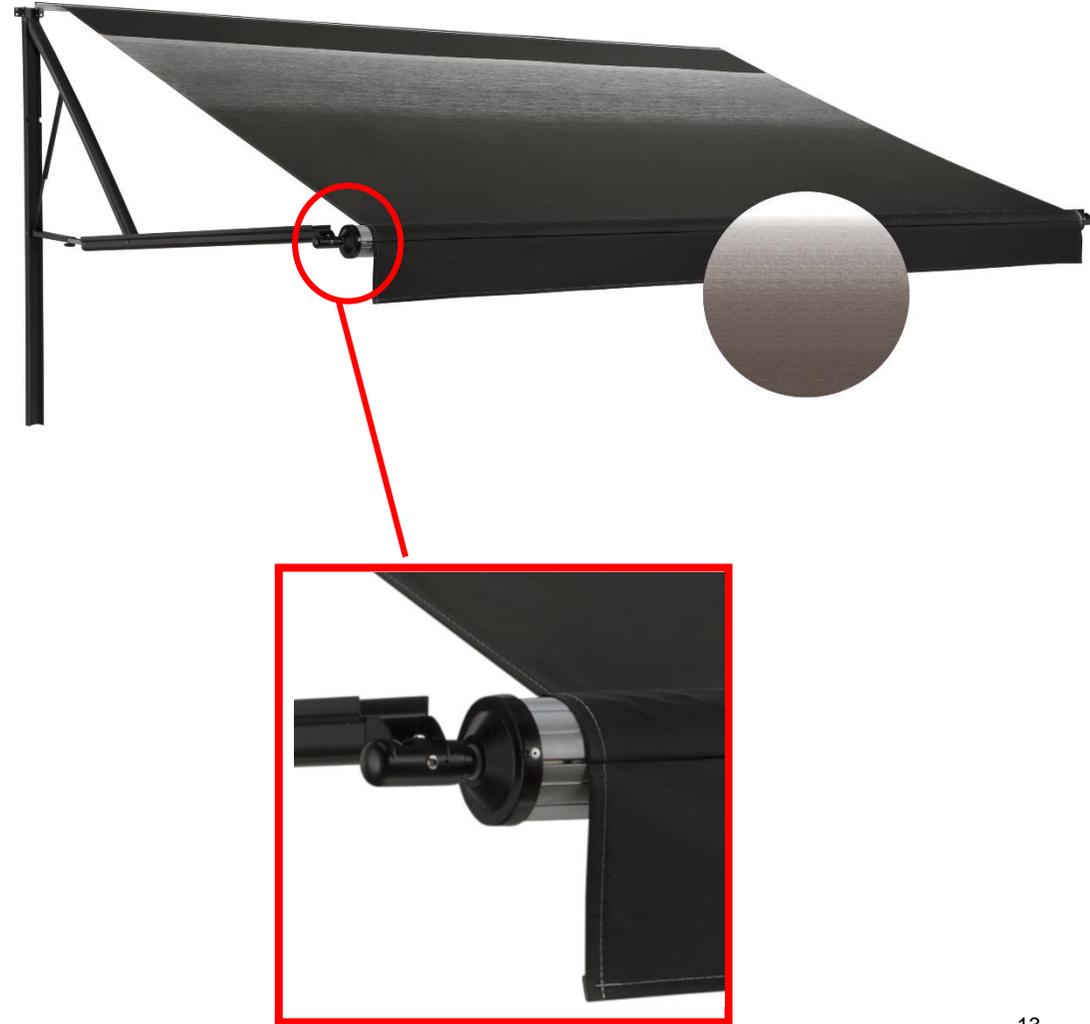

# 9200 POWER PATIO AWNING (ENTRY LEVEL POWER)

- 926 - Single sided vinyl fabric w/Vinyl Weathershield
- 925 - Double sided vinyl fabric w/Vinyl Weathershield
- **Motor inside hardware arm under endcap, tool less assembly**
- **13.5 oz.** single & double sided linen fade patten vinyl fabric only
- 10-21 foot lengths (1 foot increments)
- 8 foot extension
- Knee action low-force adjustment hardware flexes in wind
- 9100 & 9200 share same hardware, comes in polar white & black
- Durable extruded aluminum, corrosion resistant
- Cannot be used in carport position
- **Easy access manual override**, remove end cap, attach electric drill and socket to nut

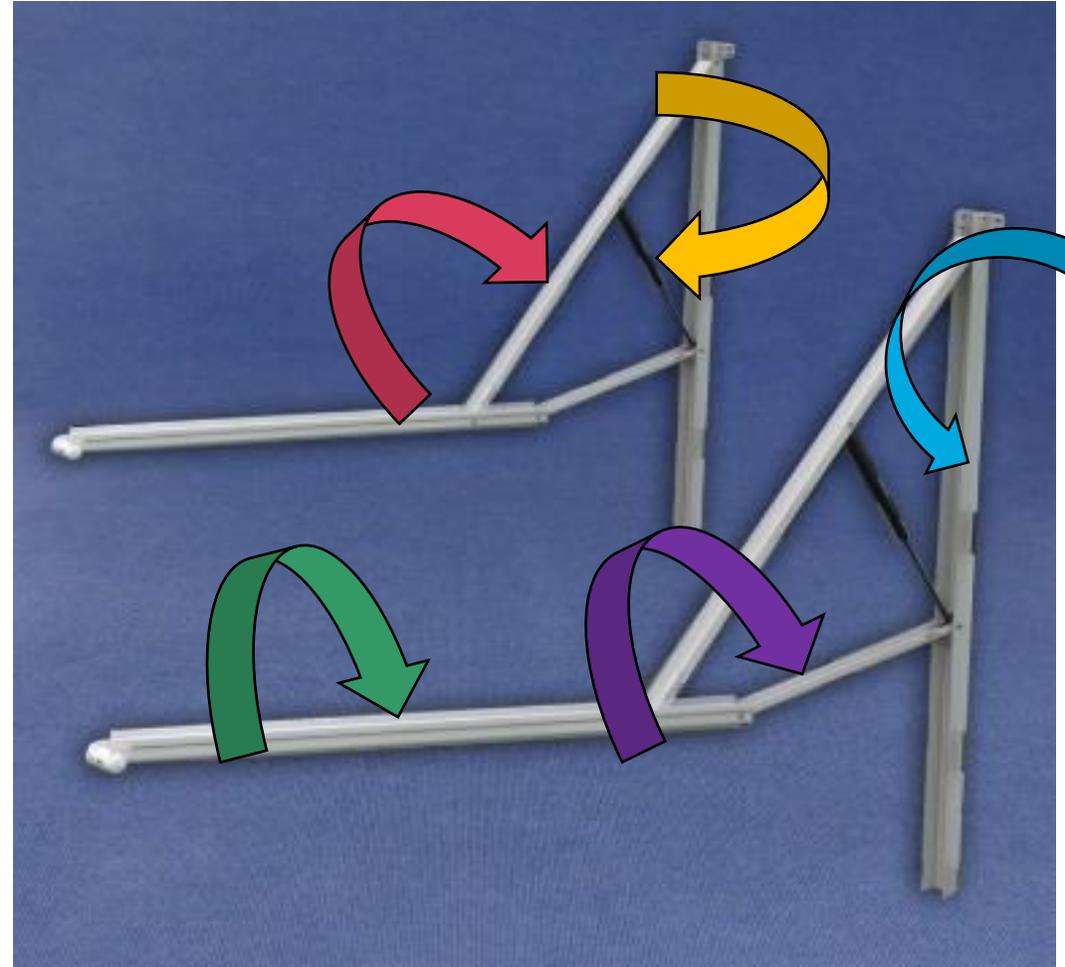

# 9100 POWER PATIO AWNING (ENHANCED LEVEL POWER)

- 910 Acrylic fabric w/Metal Weathershield
- 915 Vinyl fabric w/Vinyl Weathershield
- 917 Vinyl fabric w/Metal Weathershield
- **Motor in FRTA tube for improved speed & weather protection**
- **13.5 oz.** single & double sided vinyl linen fade fabric only
- 10-21 foot lengths (1 foot increments)
- 8 foot extension
- Hardware same for 9100 and 9200, comes in polar white & black
- Corrosion resistant, low-force slide adjustment hardware
  - Knee action design allows awning to flex in moderate wind
  - Awning pitch lock knob, for low sun or rain protection
- Cannot be used in carport position
- Manual override options: Auxiliary Power by connecting to motor wire harness, or Pull Strap Method requiring removal of 2 screws

# 9200 and 9100 HARDWARE ANATOMY

-  Back Channel Arm
-  Main Arm
-  Secondary Arm
-  Rafter Arm
-  Gas Strut
- Nuts and bolts kit

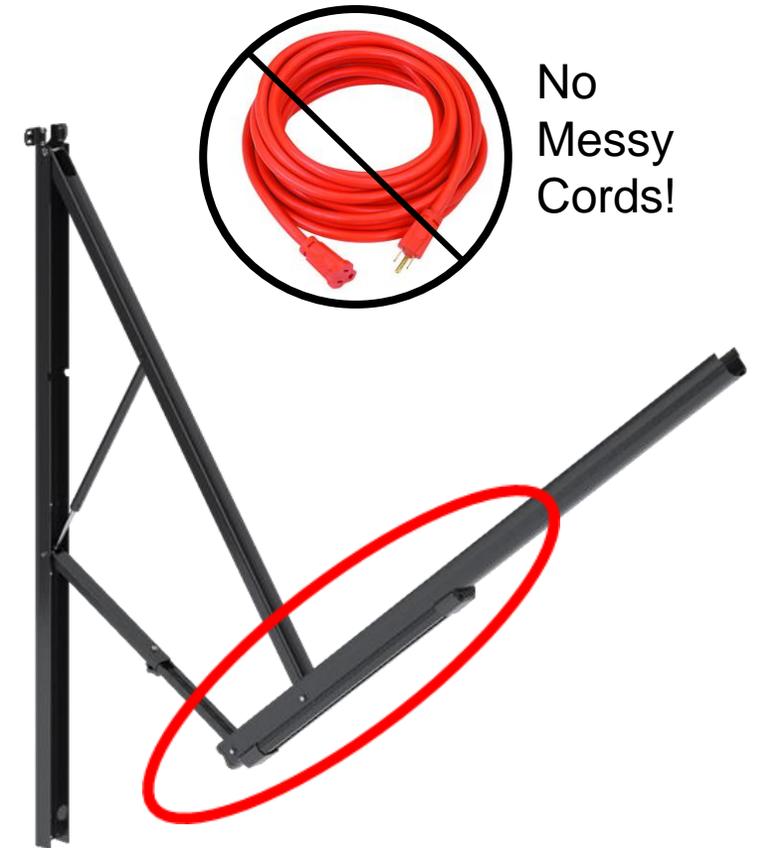

# 9200 / 9100 HARDWARE WITH WITHOUT POWERCHANNEL RAIL

- **Standard** (13°) with pre-installed 2ft. PowerChannel Rail – 8954002.400(X)  
without PowerChannel Rail 8952002.400(X)
- **Basement** (20°) with pre-installed 2ft. PowerChannel Rail – 8954001.400(X)  
without PowerChannel Rail 8952001.400(X)
- **Reduced Pitch** (2°) with pre-installed 2ft. PowerChannel Rail – 8956003.400(X)  
without PowerChannel Rail 8952003.400(X)

Used when less than 6 inches of space between awning rail and entry door  
“BUT” no less than 4 inches

- Measurements are critical (see catalog for instructions)
- Available in Black (U) or White (B)
- **PowerChannel Rail** is designed to easily mount / clip into the awning hardware  
Part Number 3316622.001U – black 2’ length  
Part Number 3316622.001B – white 2’ length
- Cannot order individual components of the hardware arms e.g. gas struts  
Required to purchase the LEFT or the RIGHT side arm assembly, or both

# POWER AWNING ACCESSORIES

Mobile living made easy.

 **DOMETIC**

# ENHANCE YOUR POWER PATIO AWNING WITH ACCESSORIES

## Power Awning Pro Kit

- **Turn your Dometic 9100, 9200, 9500 or any other 12vDC power patio awning in the market into a full featured awning**
- Open/Close awning remotely from 100ft.
- Control awning's LED lights remotely
- Vibration sensor auto closes awning in high wind, adjust sensitivity
- Ignition interlock prevents accidental opening while the RVs ignition is active
- **3317115.005 Black 3317115.002 White**

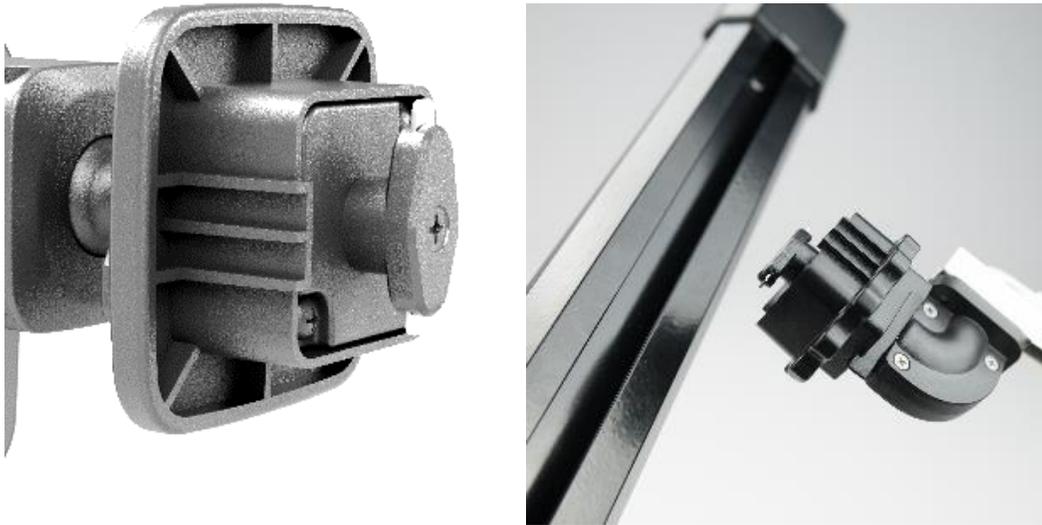

\* Interior Wall Control Switch is sold separate **3310455.062**

## Power Wand Assembly

- **Easy upgrade to power awning**
- Hassel free installation
- Use on any 12V power awning
- Lithium ion battery powered
- Includes 110V charger
- 50-60 awning operations on full battery
- **3316736.000 Complete Kit**
- **3316737.000 Replacement Battery**

# POWERCHANNEL RAIL & ACCESSORIES

Patented design for attaching the accessories to the rail  
No visible wires, as the base connects with power inside rail

- Cohesive design, adjusted vertically & horizontally
- Mounts on 9200 & 9100 awning hardware
- Mounts on internal & external flat surfaces
- 3316282.003U – 2' flat surface rail, in black (only)
- Back lit on/off switch
- Auto reset fuse
- Low amp draw

**FAN**

- 8' & 10' lengths come with solid Black (FJ) vinyl fabric
- 8', 10' & 12' lengths with Onyx (NR) and Sandstone (NS) vinyl linen fade fabrics
- Black Hardware & Black Case 'only'
- Scissor style enclosed arms
- Full 8ft. extension

# REPLACEMENT AWNING FABRICS

Mobile living made easy.

 **DOMETIC**

# SELECTING YOUR FABRIC

## KEEP YOUR AWNING HARDWARE, BUT REFRESH YOUR FABRIC

- Dometic offers both acrylic and vinyl replacement fabric options.
- To get the correct measurements, **measure the total fabric length of the old awning fabric.**
- Dometic replacement fabrics **can be used with any Dometic or non-Dometic hardware.**
- These fabrics come with a **built-in straight valance** and are **easy to install.** The **pre-sewn in poly rope** allows the fabric to easily slide into the awning track.
- Woven acrylic fabrics come in **solid** colors, vinyl fabrics come in **solid & linen fade** colors.
- Vinyl fabrics are polyester reinforced for **added strength & dimensional stability.**
- Premium acrylic fabrics (9.25 oz/sq. yard) **keep temperatures up to 20% cooler than vinyl** fabrics (13.5 oz/sq. yard)
- Acrylic fabrics repel water, resist mildew, UV rays, color fading, abrasions and are easy to clean.
- Vinyl fabrics repel water, resist mildew, UV rays, cold cracking, flames and abrasions.

# DOMETIC WOVEN ACRYLIC AWNING FABRICS - 2020

- Maroon – Color Code NV
- Onyx – Color Code NR
- Meadow Green – Color Code NW

## Single-Sided

(for OEM 803 and OE/AM 848 awnings)

- Onyx – Color Code PI
- Sandstone – Color Code PH

# DOMETIC VALUE PROPOSITION

Mobile living made easy.

 **DOMETIC**

# WHY SELL DOMETIC AWNINGS OVER THE COMPETITION?

## Performance

Extensive Testing:

- 40 years of satisfied awning customers
- Wind tests up to 60 MPH
- Cycle testing (3000 cycles) for durability of fabric, hardware and motor
- Water and mildew resistant fabric materials
- Salt tests for hardware corrosion resistance
- Temperature tests (32° to 120°F) increasing or decreasing for 1-hour while awning cycles
- Motor speed, noise, cycles to failure testing

## Features

- Broadest line of awnings in industry e.g. manual and power, patio, case, slidetoppers, window & door
- Fabric options: 13.5 oz vinyl & 9.1 oz. acrylic, colors
- Weathershield options: vinyl and metal
- Accessories: PowerChannel Rail & Accessories, Power Wand, Power Awning Pro Kit
- Durable “Tank” packaging on all single pack awning shipments (not distributor bulk packs)
- Easy to use pitch adjustment with lock knob (9100)
- 1 Year Parts, Labor and Freight Warranty

## Design/Materials

- Easy installation
- Durable corrosion resistant heavy duty extruded aluminum hardware
- Motor inside FRTA for protection from elements (9100)
- Dual torsion springs in manual awnings, and the left end torsion spring in 9100
- Safety features like Optima Tension Rafter System and Cradles, Ignition Lock, low pinch hardware design
- Quality fabrics 13.5 oz. vinyl and 9.1 oz. acrylic
- Manual overrides

# WHAT DOES A DOMETIC AWNING DO FOR YOU

When travelling in your RV you have the privilege of being free to stop at the most beautiful places. Simply turn off the ignition, get the table and chairs out, and enjoy the marvelous view.

**A Dometic awning gives you added pleasure: It turns the area in front of your vehicle into your personal mobile patio, which will give you many relaxing hours!**

The awning provides shade as well as protection against rain, wind and weather and it can do so much more. With the right accessories you can quickly create an extra living or sleeping room for your recreational vehicle, complete with windows, doors, curtains, fly screens and lighting.

# WHICH KIND OF AWNING IS COMPATIBLE WITH YOUR VEHICLE?

Awnings are either fitted to the roof or wall of a vehicle, which method is suitable depends on three factors:

- The amount of room above the vehicle's doors and windows
- The shape of the vehicle's side where it converges with the roof
- The mounting brackets available for your vehicle. Curved edges are suitable for roof fittings. Whereas a squared edge with sufficient room above the door will accommodate a wall mounting. In either case, suitable mounting brackets are also required. Your vehicle's length will determine the size of the awning you can install.

# AUTOMATIC OR MANUAL AWNING?

Ultimately, this comes down to individual preferences and the amount of space available on your vehicle for mounting. We outline key details below:

## AUTOMATIC

**BENEFIT:** It is quick and easy! At the click of a button, the awning will open or close within 35 seconds.

**DISADVANTAGE:** You lose genuine freedom of travel because you're reliant on power. Although automatic awnings do have a manual override function: use of this can be inconvenient as often the awning must be dismantled to access parts required for manual operation.

## MANUAL

**BENEFIT:** You have freedom to travel to the remotest destinations! No reliance on power, so no limitations.

**DISADVANTAGE:** It takes on average 10-12 minutes to deploy a manual awning. For some people this may be a problem, particularly if the awning will be deployed and stowed several times over a short period of time.

# WHAT YOU NEED TO KNOW TO SELL AN AWNING

## QUESTIONS ...

- What are your expectations for an awning?
- Do you have a specific model or type of awning you want?
- Do you want powered or manual?
- What color fabric do you want?
- Do you want single sided fade pattern (PH,PI),double sided fade pattern or solid color fabric?
- Vinyl or acrylic fabric e.g. acrylic is cooler than vinyl in the sun?
- What color weathershield, vinyl or metal weathershield?
- What length do you need? (what is the center arm to center arm measurement)
- What type and color of hardware do you require?
- Tall, short or combo hardware? (measure center of awning rail to center floor line)

## LET THE MUSIC PLAY

Add to your outdoor living enjoyment with a Dometic PowerChannel Speaker. It connects easily to both the PowerChannel and a Bluetooth music device. With this innovative solution you can add your favorite tunes to create the perfect atmosphere, wherever you are and whatever you are doing!

**KEY BENEFITS**

- Play songs wirelessly with the Bluetooth-enabled speakers
- Easy quarter turn fastening for Dometic awning accessories
- Use speaker simultaneously with other connected devices
- For use with the patented Dometic PowerChannel Awning

**ADDITIONAL POWERCHANNEL ACCESSORIES: ALL THE FUN NONE OF THE CORDS**

**1. DOMETIC POWERCHANNEL FAN**  
Make your awning shade even cooler with the Dometic PowerChannel Fan. Connects directly to PowerChannel Awning for easy, breezy comfort.

**2. DOMETIC POWERCHANNEL DIAL SPEAKER**  
Turn on relaxing ambient music under your Dometic awning with this Bluetooth-enabled PowerChannel Dial Speaker.

**3. DOMETIC POWERCHANNEL FLOODLIGHT**  
Enjoy your Dometic awning even in the darkest of nights with Dometic PowerChannel Floodlight. Enjoy the great outdoors no matter what time it is.

**4. DOMETIC POWERCHANNEL SPOTLIGHT**  
Add some light to your camp game, read, while reading or any other awning-covered activity with the Dometic PowerChannel Spotlight.

**5. DOMETIC POWERCHANNEL USB CHARGER**  
Keep your electronics fully charged with the Dometic PowerChannel USB Charger. Compatible with the Dometic PowerChannel Awning and Fan.

FEATURES & BENEFITS

## DOMETIC 9200 POWER PATIO AWNING

The choice is yours!

**KEY BENEFITS**

- Have improved manual override for power outages
- Come in the industry standard 13.5 oz. fabric
- Are available in several colors

	DOMETIC	LIFPERT	
<b>DOMETIC 9200 POWER PATIO AWNING (VS.) LIFPERT SOLERA AWNING</b>			
Tool Lost Assembly	Dometic's patent pending design makes assembling the motor to the Fabric Roll Tube Assembly a snap. No screws to lose, no drilling & no cracked cases from over-tightening.	YES	NO
Corrosion Resistant Hardware	Dometic's knob, based on powder coated exterior had 1000 rust after a 1000-hour salt spray test. The competitor's hardware showed red rust on critical and visible fabric hardware replacement.	YES	NO
A True Universal Replacement	Dometic's 9200 Power Patio Awning is an exact replacement for the 9100 Patio Awning. The competitor's awning did NOT pass the hole for hole test on either fabric or hardware replacement.	YES	NO
Low Force "Slide Adjustment" Hardware Design	Dometic's patented "slide action" "slide adjustment" hardware design presents less pinching hazard than the competitor's hinged pin design.	YES	NO
Awning Pitch Lock Knob	Reliable knob to LOCK-IN awning pitch, the competitor has no locking mechanism. Dometic's awning remained in place during wind tests, the competitor's awning did NOT hold its position beyond a slight breeze.	YES	NO
Innovative Packaging System	Dometic's logistic engineers designed a world's first awning packaging system which has significantly increased the delivery of damage-free awnings to our valued RV/Motorhome customers.	YES	NO
Power Channel Accessorial	Optional add-on that conveniently taps into your awning power source, installs quickly enabling you to map accessories like Fans, LED Lights & Speakers into the awning without extension cords.	YES	NO
