Current production 7 cubic foot (cu ft) refrigerator juice rack, door shelves, and crisper bins have undergone a change that is not safety related.

#### Change Description:

Changes to the refrigerator juice rack, door shelves, and crisper bins include:

- Clear freezer parts—The 7 cu ft freezer door shelf and juice rack changed color from white to clear.
- Clear fresh food door shelves—The 7 cu ft fresh food door shelves changed color from white to clear.
- Clear crisper bins—The 7 cu ft crisper bins changed color from white to clear.

#### Action:

The new color of the 7 cu ft refrigerator juice rack, door shelves, and crisper bins are offered in service combo kits.

The new juice rack, door shelves, and crisper bins are interchangeable with the previous version, so the existing white juice rack, door shelves, and crisper bins will no longer be available for purchase. The only replacements for existing white items are the clear items offered through the combo kits.

The table shows the service combo kit numbers.
