Cabin Darkening System, -FIAT Ducato X290-

Key Points :

- Faltstore made of double-pleated DUETTE honeycombe material; н. screening and heat insulation in perfect combination
- Vertical opening/closing will offer light incidence and privacy atmosphere
- Best possible degree of insulation from heat and cold due to internal aluminium-laminated honeycombe system
- Variably adjustable
- Absorbs up to 99% ultra-violet rays
- High resistance compared to single pleated blind material
- Available for FIAT Ducato model X290 from July 2014 onwards
