## "IMPORTANT NOTICE"

---

 **WARNING**

**Follow individual awning manufacturer's safety/fabric replacement instructions. Never use bare hands when winding or unwinding an awning torsion. Rapid spin-off could occur. Failure to follow these instructions could cause serious personal injury or property damage.**

Follow the awning manufacturer's recommended procedures for fabric replacement. Each brand and model of awning is slightly different and requires different methods and tools for replacing the fabric. **DO NOT** attempt to replace fabric if you are not fully aware of the replacement procedure.

Service to the fabric roller tube assembly should be performed **ONLY** by a qualified service person.
